MYERS  
MEMORIAL  
CHURCH

One of the most important parts of our life together as Christians, is the time we gather together to worship God. That time each week shapes how we live and serve in the world. In the book of Romans, our buddy Paul says “I appeal to you therefore, brothers and sisters, by the mercies of God to present your bodies as a living sacrifice, holy and acceptable to God, which is your spiritual worship.” In other words, Paul is telling us that because of our time in worship (the mercies of God), we then can go forward living the life we should, sharing Christ through the pattern of our lives.

In this Confirmation year, it is my hope that you will find great joy in the time you worship God with the community of Christians around you. At the end of this year, if you decide to join the church, one of the things you will promise is your presence. So I encourage you to take this year to think seriously about that promise and what it means to regularly be present at church, *especially* in worship! We encourage you to make worship a priority each week but do understand that everyone has to be away sometimes. We will check only the two reflections each month that you indicate should be read. As you each know, you will also be expected to participate in three hours of service within a worship time. You can do this through acolyting, reading scripture, ushering, singing with the youth choir and other worship leadership. Those hours that you participate can also be part of your reflection in these journals; but you will need to fill out the forms at the back of this book for those hours to be counted.

Worship is not just about “doing religious things;” it is about offering our lives to God with thanks and preparing us for the daily life of being Christian. I look forward to reading your reflections in these journals!
