

March Madness

Dear Children's Circle Families,

I've always loved March. I guess growing up in ACC basketball country has that affect on you. There is an excitement in the air in March. Of course, there's great basketball, especially if your team is having a good year. March Madness!!

But, there's also something about this month that starts to give you a little glimmer of the hope of spring. We have a few warm days, a few daffodils or a bluebird sighting. Maybe winter is over and spring is around the corner! But, you never know. There is always a chance that we could have a blizzard in March (let's hope not, though.) Even the weather is unpredictable! March Madness!!

This year I have another reason to love March! I am celebrating my new title.....Grandmama! My first grandchild, Ellington Yi, was born on Feb. 8 to my daughter and son-in-law. She is a beautiful, healthy baby girl! It is definitely not a stretch to say that I am already "madly" in love with her! March Madness!!

Take care,  
Susan Q. Wade, Director

PS - Come by the office and I'll show you a baby picture or two..... :)
